**Subject:** FW: People Plus codes for Gold King Mine Response

Good morning!

For charging your time to the mine response, please use the number below. I have checked with the Region and it is OK for you to use it now that you have been “activated” via ICS. From my email correspondence with the Region, the intent was to have you in ICS as early as Monday. Therefore, you should charge the time you’ve spent supporting this response to this code beginning Monday Aug 10, 2015.

Thanks,

Marc

Marc,

Below is the account number that we received. We always change the (08L) to 72G unless they specifically state that they are paying for employee’s hours.

Our string will look like this: T 72G 303DC6 A8K9RV00. Greg’s timecard has this accounting string.

If you find out that we should use the 08L, let me know.

Thanks.

Edith
